Send SMS

To initiate a Tethr It session via SMS, click the START drop down arrow. Be sure SMS is selected, choose the correct country, and enter the user's phone number.

Press SEND SMS.

The user will receive a text message with a link that will prompt them to download the Tethr It app. Once the app is downloaded, the user needs to return to the text message and click the link again. This will initiate the Tethr It session.

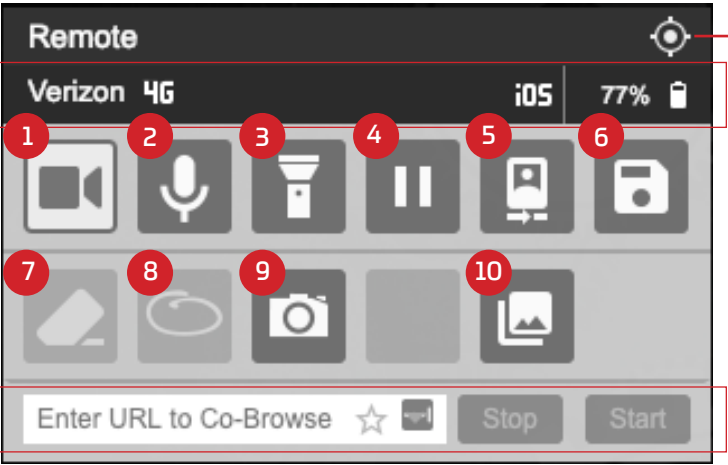

If the user has previously downloaded the app, the link will start a session immediately when clicked.
